

DAKOTA BOND SUIT ON SHAKY GROUND

Belief That It Will Be Thrown Out of Court.

MESSAGE AS FROM THE DEAD

Mother Receives Telegram from Her Son Who Was Reported Killed Six Weeks Before—Heavy Sales of Tobacco on Raleigh Market.

(Special Dispatch to The Times.)
RALEIGH, N. C., September 12.—State Treasurer B. R. Lacy and ex-Judge Jas. E. Shepherd, leading counsel for North Carolina in South Dakota suit against the State for repudiated Western North Carolina Railroad bonds, returned from Washington, where they went on a still hunt for evidence and are said to have found conclusive evidence that the \$100,000 bonds being sued for by South Dakota were merely conveyed to that State for the purpose of instituting suit, anyone other than a State being barred from suing a State.

This is established the suit will be thrown out of court. It involves the payment of about \$200,000 of bonds which the Legislature voted in 1887 to compromise at twenty-five per cent.

BIG TOBACCO SALES.
All previous records were eclipsed today on Raleigh's loose leaf tobacco market, amounting to 125,000 pounds. Locally as heavy business will be on tomorrow. Prices are ranging high.

The Secretary of State chartered the Dickinson (N. C.) Veneer and Manufacturing Company, with \$20,000 capital, to do a general lumbering business and manufacture veneer.

AS FROM THE DEAD.
Mrs. E. N. Grunfelder, of this city, received a telegram to-day from her son, Norman, whom she had for six weeks supposed to be dead. A New York paper reported him killed in a railroad wreck at that State. He had been in Crookville, Minn., for a year and had no idea until to-day that he was supposed to be dead, and he wired his mother at once.

GRAND CIRCUIT RACES

Conner and Darial Fail to Lower World's Pacing Team Record.

(By Associated Press.)
SYRACUSE, N. Y., Sept. 12.—Fully 15,000 people saw the closing events in the grand circuit races at the State Fair to-day.

A big drawing card was the attempt of Conner, 2:13 1/4, and Darial, 2:15 1/4, to beat the world's pacing team record of 2:08. They were driven by A. P. McDonald, and made fast time to the stretch, where Darial broke and all chances for at least hugging the record were off. The time for the mile was 2:10. Summaries:

26 trot, Lakeside stakes; purse, \$2,000—Alice Russell won second, third and fourth heats and race; Re-elected, second, taking first heat. Best time, 2:11 1/2.

21 pace, purse, \$1,000—Dan Riley won two straight heats and race; Ontario, second; Olive Wood, third. Best time, 2:07 1/2.

210 trot, purse, \$1,000—Waubun won two straight heats and race; Louise Mac, second.

Impaired Digestion

May not be all that is meant by dyspepsia now, but it will be if neglected.

The messiness after eating, fits of nervous headache, sourness of the stomach, and disagreeable belching may not be very bad now, but they will be if the stomach is suffered to grow weaker.

Dyspepsia is such a miserable disease that the tendency to it should be given early attention. This is completely overcome by

Hood's Sarsaparilla

which cleanses the whole digestive system.

WILSON TALKS OF CROP CONDITIONS

Secretary of Agriculture is Favorably Impressed.

GOOD CORN CROP REPORTED

Increase in Number of Cattle One of the Causes of Lower Price of Meat.

Cotton Boll Worm Will Not Attack the Egyptian Cotton.

(By Associated Press.)
WASHINGTON, Sept. 12.—Secretary Wilson, who returned last night from a trip through the West, to-day summarized the agricultural conditions in the States he visited. He said:

"There will be a good corn crop. Corn is substantially out of the way of the frost. The corn crop in parts of Kansas, Nebraska and Indiana probably is the finest on record. There has been more than a hundred millions of dollars depending on the ripening of this crop this year than the ordinary person has ever realized. While the crop may not be a record breaker, the quality of the corn is splendid, and with the exception of the Southern States, the yield per acre is very heavy. In the South, the drought has somewhat affected the corn crop. The wheat crop of the West this year is also very fine, and what may be considered as really the most important crop of all—the grass crop—is exceedingly good."

"The census tells us that there has been a great increase during the past ten years in the number of cattle in the United States. This information, taken together with the fine crop of grass, insures lower prices of meat. I do not believe that the price of meat, however, will ever be as low as it has been in the past, for the simple reason that the American people are more prosperous than ever before, and are eating more meat than ever before. However, the exceedingly high prices of meat will be a thing of the past as soon as the present 'feeder' gets fattened up to a beef condition. Another thing that will tend to keep the price of meat low is the fact that the former low price is the demand of England for our meat."

"I have just received from Texas a report which states that experiments for the eradication of the Mexican cotton boll worm have demonstrated that this insect will not touch Egyptian cotton. The department has been experimenting with the raising of Egyptian cotton for several years with marked success. If this last report proves to be true, it will undoubtedly result in the planting of Egyptian cotton in Texas in the future."

"What may be considered as another important step in agriculture is the progress the department is making in the development of a fine tobacco filler. Several years ago the department began its work in the tobacco industry by endeavoring to develop a wrapper tobacco of the finest quality. We are making these experiments in Ohio and Texas. In the development of filler tobacco attention only is paid to the aroma. This aroma is very often found in Havana tobacco, but not always, owing to the deterioration of the crop."

KILLING OF MISS VIRGINIA LASSITER

(Continued from First Page.)

Acqueduct Company be enjoined and restrained from laying its pipes on any of the streets than those on which they were originally laid. The Acqueduct Company demurred to the bill filed by the city, and the case was set for September 12. Judge Hancock, the right of the Acqueduct Company as claimed by them is practically sustained by this decision and the city is defeated.

OTHER SUITS.
The suit of T. P. Heath against the Seaboard Air Line Railway was dismissed from the docket.

Colonel Miles M. Martin, of Richmond, and Carl H. Davis, of Petersburg, qualified to practice law in the Circuit Court. The suit for \$10,000 brought by ex-Police Officer Ruffin, of Petersburg, against the city, was postponed until September 19th.

Mr. William V. Parkinson, who for the past three years has been manager for the Kent Furniture Company in Petersburg, left for Washington to-day to accept a position with House and Hermann, local furniture dealers in that city.

The operator at Acme siding fired at thieves who attempted to break into a car last night. One of the men cried out as if shot, but both escaped.

Mr. George W. Waddell, of Port Arthur, Texas, and Miss Madeline Roberts Tash will be married in Petersburg Wednesday evening.

Yesterday two hundred and thirty-four white voters registered and thirty-three colored voters.

SHIPS HASTENING TO THE ISTHMUS

Vigorous Efforts of Government to Protect Panama Railroad and American Interests.

(By Associated Press.)
WASHINGTON, Sept. 12.—By noon today the Navy Department had been advised that the two warships ordered to the scene of trouble on the Isthmus of Panama had sailed for their destinations. A telegram was received from Rear-Admiral Casey, commanding the Pacific station, stating that the battleship Wisconsin left Bremerton to-day, and after taking on coal at San Francisco, will resume her long voyage down the Pacific coast. With the same promptness which characterized his prompt hurrying to the scene of the trouble, Rear-Admiral Casey, Commander T. C. McLean, with the Cincinnati, had started for Colon within a few hours after the receipt of the Navy Department's orders, and called Secretary Moody to that effect this morning.

As a further indication that the vigorous efforts of the Navy Department to relieve the situation on the Isthmus are none too early, the following cablegram was received from Commander Potter, of the Ranger, who with his small gunboat the Ranger, has for the present the entire situation to look after:

"Panama, (received) cipher message this morning (saying) revolutionists near railroad line. Situation serious. Transit across Isthmus still open."

In view of the reports that political significance attaches to this latest dispatch of naval force to the Isthmus of Panama, a statement was gained to-day from a high and unquestionable official source to the effect that the protection of American interests and the enforcement of treaty guarantees are the only two considerations involved in the sending of additional warships to Panama and Colon.

The Department has decided not to send the Panther with the battalion of marines to the Isthmus unless Commander McLean, upon the arrival of the Cincinnati at Colon, inform the department that the men are needed.

Rear-Admiral Casey, commander in chief of the Pacific station, will go down to Panama aboard the Wisconsin and take personal command of the naval forces upon his arrival there.

Married at Pelham.
(Special Dispatch to The Times.)
PELHAM, N. C., Sept. 12.—On the night of September 11th, at 10 o'clock, Mr. Emanuel B. Bricker, of Chesterfield, Va., and Miss Elizabeth Leigh Graves, of Beulah, Powhatan County, Va., were united in wedlock by Rev. T. Hogue Walker, at his residence, in this town. The couple came to Danville by rail, thence to Pelham in a carriage, in order to return to Danville the same night.

Mr. Bricker is with the Richmond Passenger and Power Company. They will reside for the future in Manchester.

Plant Man Nominated.
(By Associated Press.)
WASHINGTON, Sept. 12.—The President appointed Representative George W. Ray United States District Judge of the Northern District of New York, vice Alfred Cox, who has been appointed United States Circuit Judge. The appointment settles a long controversy. Mr. Ray was Senator Platt's candidate.

Woods Elected President.
(By Associated Press.)
COLUMBIA, S. C., Sept. 12.—Mr. C. A. Woods, of Marion, was to-day elected president of the South Carolina College. The nomination was unexpected to him, but will probably be accepted. He is president of the State Bar Association and a trustee of Wofford and of Winthrop colleges. He was elected unanimously.

Washington Marriage Licenses.
Marriage licenses were issued in Washington yesterday to the following: Benjamin E. Travis to Mary V. Bowers, both of Newport News, Va.; Branner N. Haislip and Anna M. Patton, both of Fairfax County, Va.

Small Registration.
(Special Dispatch to The Times.)
WEST POINT, VA., Sept. 12.—The Registration Board of Cumberland District, New Kent county, met at the courthouse on the 8th instant. Only eleven white and no colored voters were registered.

ROCKINGHAM RURAL DELIVERY

A Number of New Postal Routes inaugurated Around Harrisonburg. Will Serve a Large and Populous Section of Rockingham.

WASHINGTON, D. C., Sept. 12.—Representative Maynard was in Washington to-day on business before the Navy Department. "What we are most interested in down in my section of Virginia is in the coming ter-centenary celebration at Jamestown. I have seen several members of the House Committee on Industrial Arts and Expositions to-day and I feel greatly gratified at the interest they seem to feel in the Jamestown Exposition scheme, and the disposition they are displaying to stand by me when I open up my fight for a good, solid appropriation for it from Congress. I have already assurances from a number of my fellow committeemen that they are with me and that I will have their votes when the time comes."

"I have not quite made up my mind how much money I shall ask for, but it will be as much as I think I can get. Of course I do not intend to overreach myself and lose a fair amount by trying to get too much, but I hardly think that when my bill goes in I will be accused of being modest."

Mr. Maynard is another one of the Democrats who do not believe the recent southern trip of President Roosevelt will have any material effect on the political situation. "People like to see the President always. They flock to see him just as they flock to see a circus or a balloon ascension. Then, in addition to their curiosity, there is a feeling of sentiment throughout the country in regard to the President of the United States. But if you try to go any deeper than that for the effect produced by this, I think you will experience difficulty in locating any actual beneficial results to the President. Men will cheer him and throw their hats up in the air when he comes by, but when voting time comes they will not be influenced by having seen him."

Mr. R. L. Barnes, of the R. L. Barnes Safe and Lock Company of Richmond, has just established a branch store in Baltimore. He has not decided upon a location for his Baltimore offices yet, but will do so shortly. Mr. E. H. Cochran will be his agent in Baltimore.

ROCKINGHAM RURAL ROUTES.

NORFOLK CO. SUPERVISORS

Make Answer to the Charge of Receiving Money Illegally.

(Special Dispatch to The Times.)
NORFOLK, VA., Sept. 12.—The members of the Board of Supervisors of Norfolk county have filed their answers in the suits brought by Foster Black and others to recover about \$13,000 alleged to have been illegally drawn from the County Treasury by members of the board during the last ten years.

The answers are identically the same except as to the time of service and amount drawn by the defendants.

In the answer of John A. Codd, the admissions are that he received thirty dollars a year, or \$300 for the services and \$25 for mileage; that he has received for services on committees, etc., and mileage and expenses incident thereto for the ten years he has been a member of said Board of Supervisors, the sum of \$3,268.53, as will appear from the records of said boards, to which reference is made for the several items comprising said amount.

He denies that "there was ever any illegal, fraudulent or corrupt combination" by himself and others to divert public money to their private use.

There is a great sensation over the legal contest. Foster Black, whose name the suit is brought in, is a wealthy cotton manufacturer of Berkeley, who is thoroughly acquainted with public affairs and is a determined and energetic man.

People Seen In Public Places

There were but few local politicians in the lobbies last night. The election fever had died off, and even those who were present did not discuss it to any great extent. Most of them agreed, however, that the district would be well and faithfully represented for the next two years and that the interests of the people had been again committed to safe hands.

Treasurer J. Smith Brockenborough was present in the lobby with his check-book and was issuing checks from one of the tables to those entitled to draw money as election officers.

The general verdict was that the primary had been an evidently fair one, and that the new plan had worked admirably. No one was found who wanted to abandon it, and the voters, as a rule, seemed perfectly satisfied with its workings.

"I thinking of retiring from politics," said a prominent young lawyer, who is a member of the City Democratic Committee, to some friends at Murphy's last night.

He had just come out of the campaign in which he did valiant service for his friend, Congressman Lamb. He took the ground that a young man who had his living to make and his practice to look after should not be actively mixed up in political matters.

"Indeed I am tired of it," he said. "I am glad to render any service I may to my party, but it does not pay a young man to become too active in political life before he has fully established himself in business."

President Lyon G. Tyler, of William and Mary College, who is said to stand a fine chance to be a member of the new State Board of Education, is registered at Murphy's.

The Corporation Commission is now a live issue among the politicians. A prominent State officer said at one of the hotels last night that he hoped the newspaper forecasts as to the probable appointment of Judge Phlegar, Messrs. Fairfax and Edmunds were correct, as he thought they would make an admirable commission.

These gentlemen seem to be striking the popular chord pretty well, and from what is heard their appointment would give eminent satisfaction.

Guests registered at the hotels last night were:

Murphy's—Dr. R. B. Faunt Le Roy, H. T. Faunt Le Roy, New Kent county, Va.; Colonel McClure, Va.; J. J. Dorsey, Norfolk; Miss Linda White, Virginia; Dr. L. A. Slater, New Kent, Va.; H. F. Sweet, New Kent.

TO LOSE THE TENOR

Mr. McCarthy, of St. Paul's, to Go to Atlanta.

Mr. Frank J. McCarthy, who for some time has been connected with the Fire and Marine Insurance Company, is soon to make his home in Atlanta. His departure from this city will cause Mr. McCarthy to resign his position as tenor soloist at St. Paul's Church, where he has been singing for two seasons, and to become a most valuable member to that choir.

The Music Committee has taken no steps as yet to fill the vacancy, but will do so with the next meeting. Mr. McCarthy will sing with the choir to-morrow.

OBITUARY.

Perry Jones.

Mr. Perry Jones died at 4:45 o'clock yesterday afternoon at his residence, No. 214 West Clay Street, aged forty-seven years. Mr. Jones leaves a widow and three children.

Mr. Jones was a well known printer of this city where he has lived all his life. He had been in bad health for two months or more, but had been confined to his bed only two weeks. The funeral will take place from Clay Street Methodist Church Sunday afternoon at 2 o'clock. Members of the Typographical Union will be the active pall-bearers.

Carroll L. Cornwell.

(Special Dispatch to The Times.)
URBANA, VA., Sept. 12.—Carroll L. Cornwell died at his home here about 11 o'clock to-day. Mr. Cornwell was 57 years old and had a bright future before him. At the age of 15 his father died and left him to provide for a wife, sister and two brothers younger than himself.

At this age he took charge of his father's store and built up a trade second to that of few stores in this county. He was a popular young man, being recognized as one of the coming business men of this growing town. He has been treasurer of Urbana Lodge of A. F. and A. M. since his raising to the degree of Master Mason, and treasurer of the Urbana Business Men's Association since its organization.

He was a member of the firm of Cornwell and Cornwell, general merchants, and Jones and Cornwell, druggists at this town.

The funeral will take place Sunday morning at the family burying-ground. The ceremony will be conducted by the Masonic Lodge, of which he was a member.
